As a parent we've made the choice to have our children benefit from attending a charter school. Now we must continue with that same commitment by attending at least one PATCO meeting during this school year. There are ten (10) meetings scheduled, there are twenty (20) students in each class. Therefore we could have two parents from each class at PATCO meetings. It is important to have as many parents as possible contributing their ideas and finding solutions for their concerns. UC TEAMS' parents working together could achieve so much.

PATCO meets on the fourth Wednesday of each month at 6:30pm in the media center.

It's important to remember that PATCO's ability to do anything rests heavily on the amount of money raised from parent contributions and fundraisers. There's so much we as parents want to do for our children but finances and time often limit us. Let's change that this year.
