Dear Parents & Guardians,
Welcome back to school. We know our children can expect another productive, hardworking and fun year UC TEAMS Charter School. We know our children will have committed teachers who make pushed them to perform their very best. We know what is expected of our children and what is expected of us as the adults in their lives. It is our job to ensure they are prepared with their supplies and completed work assignments. The PATCO officers are asking you to add one more thing to your job: *attend at least two PATCO meetings during the year.* Parent organizations around the country are able to accomplish so much in their schools with high parent participation. It is very hard for a few parents to accomplish all the things we would like to do for our school. We all have different work schedules but there are school wide activities or events you could help with. Let's get to work.
